

OSCE - Organization for Security and Co-operation in Europe

Implementation and maintenance of a web platform for the “Ethnobarometer” for OSCE High Commissioner on National Minorities (Request for quotation)

Description:

The OSCE High Commissioner on National Minorities aims to visually showcase the results of the study and its data for researchers and the broader public through making it available on Civis' webpage by commissioning the development of a website able to dynamically represent data in a number of formats. Interested companies are invited to request bidding documents.
